This is a signal recognition of the increasing status in which Australia is regarded in international circles. The stature of those coming from overseas to attend the Conference is further evidence of this.

We look to our fellow members and colleagues in the Australian Branch of the ILA to respond to this opportunity and to demonstrate our readiness to be actively involved in the great upsurge of Australia's role in international law. Please make a special effort to attend this most exciting Conference.

A large Australian attendance at the Conference will consolidate our nation's prospects of attaining a role of leadership in our region of the world.

Yours faithfully
