## FINE WINES AND SPIRITS

### The Pick of the Crop from Western Australia.

Western Australia is a small producer of wine when compared to the total Australian production with approximately two percent of the national output, but significantly, eight percent of the premium end of the market.

Western Australia exports between fifteen and twenty percent of its wine each year and sells around forty percent into the rest of Australia.

There are four main areas in the WA wine producing region, Swan Valley, Margaret River, Great Southern and Coastal Range. The areas have a number of small wineries that only sell cellar door or mail order. I have selected a range of wines from each of the areas for our Members December Special.

**Swan Valley:** The home of two of the State's oldest wine companies Houghton and Sandalford. The other big names are Evans and Tate, Westfield and Jane Brook. Our special selections from Swan Valley are: Moondah Brook Verdello: One of the finest wines produced in WA year after year, a big full-flavoured wine \$12.95

**Sandalford 1840 collection Chardonnay:** The nose shows a beautiful fruit and oak complexity, great wine at \$12.95

**Evans and Tate Gnangara Shiraz:** The palate is soft, round and loaded with flavour, drink now \$14.95

**Margaret River:** High profile and high quality best sums up this area. In the 27 years since the first vines were planted, the area has been

transformed into one of the world's great wine producing regions.

**Leeuwin Estate Art Series Chardonnay:** One of the greatest wines made in the region, you may quibble at the price but if you want a great wine you have to pay \$41.95.

**Cape Mentelle Zinfandel:** Excellent wine, full flavours, a wine you should try \$17.95

**Leeuwin Prelude Chardonnay:** Leeuwin puts this wine out as its second label, an excellent wine at this price \$18.95

**Great Southern:** Within this region, there are the Franklin River, Mt Barker, Denmark, Albany and Porongurups areas, each with their

own distinctive styles and flavours. **Goundry Unwooded Chardonnay:** A wine that relies on the quality of the fruit, a delight to drink \$11.95

**Plantagenet Cabernet Sauvignon:** Excellent quality, firm structure, pleasant drinking now \$18.95

**Alkoomi Rhine Riesling:** A superbly balanced wine, quality of the highest order \$12.95

**Coastal Plain:** It stretches from Wonneroo, north of Perth, to Capel, south of Bunbury. The area produces some quite outstanding wines.

**Capel Vale Shiraz:** An excellent package of flavour and style, a wine to drink now or hold. \$14.95

**Capel Vale Chardonnay:** This is one of the best from Capel Vale. A wine you must try \$17.95

Enjoy Christmas with this excellent range of wines from WA. All wines are available by the bottle.

Merry Christmas  
from **Just Formals**

**"We don't just hire"**

In our recently renovated city store we now retail
