## Work Health Authority

---

The Work Health Authority is considering partially outsourcing mediation services. To further this initiative we are seeking expressions of interest from suitably qualified persons or organisations who would wish to become involved in providing such services.

When registering an expression of interest the following particulars should be addressed:

- qualifications and/or accreditation,
- experience,
- your availability in terms of days per month and whether or not this is during or after office hours,
- the level of remuneration you expect and
- references: written and contactable referees.

It is further envisaged that mediators will need to undergo some training in work health issues and that will be provided by the Authority, free of charge to the participants, some time in the next few months.

Appointment of mediators will be on a personal not organisational basis, hence the above information should be likewise.

Should you have any questions, please contact Mr Brian Newell or Geoff Anstess on (08) 8999 5249
