

## Items in the AIATSIS Catalogue

The following list contains either new or recently amended catalogue records relevant to Native Title issues. Please check MURA, the AIATSIS on-line catalogue, for more information on each entry. You will notice some items on MURA do not have a full citation because they are preliminary catalogue records.

### Special collection

Over 500 new records from the Australian Indigenous Languages Electronic Collection (AILEC) can now be found on MURA. These are being migrated from the Aboriginal Studies Electronic Data Archive (ASEDA), which was formerly accessible on the AIATSIS website at <http://www1.aiatsis.gov.au/aseda/>.

Some of these materials are available for downloading. Users should type the search term, AILEC, in MURA and listings to all holdings of this collection will appear. Most of the items consist of grammars, word lists, and articles on languages, but there are also resources on ethnobotany, personal names of speakers of Indigenous languages, field notes, and placenames and site listings.
