

Featured items in the AIATSIS Catalogue

The following list contains either new or recently amended catalogue records relevant to Native Title issues. Please check MURA, the AIATSIS on-line catalogue, for more information on each entry. You will notice some items on MURA do not have a full citation because they are preliminary catalogue records.

The cataloguing of the Native Title Research Unit continues with links being added or updated. The listing below includes items that have come from earlier native title conferences. For all Native Title Research Unit publications, enter the query term "ntru" into the search box of the AIATSIS MURA online catalogue.

Under the category, "History – exploration and accounts" you will find listings of many local histories, often by local historical societies. Under "Archaeology" are listings of important articles on the Torres Strait from *Memoirs of the Queensland Museum* Vol. 3, no. 1 (June 2004).
