

Featured items in the AIATSIS Catalogue

The following list contains either new or recently amended catalogue records relevant to Native Title issues. Please check MURA, the AIATSIS on-line catalogue, for more information on each entry. You will notice some items on MURA do not have a full citation because they are preliminary catalogue records.

As mentioned last Newsletter, new items are being added into the online exhibition, "To Remove and Protect." See <http://www1.aiatsis.gov.au/exhibitions/removeprotect/index.html>. The cataloguing of Native Title Research Unit publications has continued. If you use the query term, "ntru" you will be able to get a listing of all of these records. Papers from the native title conferences can be accessed this way as well. Only a selection of recently catalogued items online has been included in this listing.
