

The NZLIA/ALIA Joint Conference

Carolyn Cherrett has news of more excitement to be offered in Wellington

The Gala Reception will be held Tuesday evening in the City Art Gallery. The Gallery is only minutes walk from the Wellington Festival and Convention Centre.

There will be three exhibitions on display:

- *Selling New Zealand*, a fun look at how New Zealanders see themselves through TV and film commercials.
- *Kiwiana* presents vignettes from New Zealand's past, evoking memories and strong feelings of déjà vu in all who view it.
- *Wellington Photography* promises both historic and contemporary images that will give all viewers a fresh perspective of the New Zealand capital.

Conference dinner

The conference dinner has a 'Black and Gold' theme—representing the national colours of New Zealand and Australia and we expect to see some interesting interpretations of this theme!

The dinner will be an exciting and fun event, held at the Michael Fowler Centre on Thursday evening. Percy Robinson's Band will entertain us.

Trade Exhibition Opening

This will be an exciting affair on the evening of Monday 26 September. It will be held in the Trade Exhibition area, in the Wellington Town Hall. The Trade Exhibitors have generously offered to sponsor food and drink at this event so come along and preview the displays in a convivial atmosphere. ■

Blackwells sponsor Dawkins

We are delighted to announce that Blackwells has agreed to sponsor The Hon. John Dawkins, one of the main keynote speakers at our conference. Mr Joe Mauch of Blackwells Australia, stated that his company is pleased to be able to sponsor such a high profile and important speaker to attend the Association's biennial conference.

The Association is fortunate to have such supporters as Blackwells, and indeed all of the sponsors and trade exhibitors at this and other conferences, who support both the profession and the Association in such tangible and practical ways. ■
