

## The ALIA conference heads west

Perth skyline with  
Convention Centre at front

**A**LIA invites you the event of the year – the 2006 Biennial Conference in Perth. The conference will be held in the new Perth Convention Exhibition Centre, 19–22 September 2006.

*CLICK06: Create, Lead, Innovate, Connect, Knowledge* deliberately challenges the norm; playing with words and sounds, and asks you to think about the library profession's role and responsibilities in coming years.

Speakers will fascinate with their considerable knowledge and experience of the library and information sector. With diverse local, national and international perspectives to support CLICK06, the presentations will focus on how information and libraries *Create, Lead, Innovate and Connect* people using Knowledge, every day.

### Keynote speakers confirmed

Josephine Bryant, director, Toronto Public Library, Canada; Penny Carnaby, chief executive, National Library of New Zealand; Neil McLelland OBE, director, UK Literacy Trust, UK; Dr Dawn Casey, chief executive officer, Western Australian Museum, Australia; Jason Clarke, *Minds at Work*, Australia.

And it won't be all work and no play – a great social program has been lined up. Maximise the networking and socialising opportunities at the Welcome reception, the First timer's breakfast, the President's lunch, Conference cocktails and the Gala conference dinner with a Spanish theme and entertainment. Polish your castanets and practice your flamenco dancing for what promises to be a great night of celebration!

We encourage you to extend your stay in Perth to attend satellite events pre- and post-conference. There are a variety of fantastic events and tours on offer.

We hope to see you in Perth in September at CLICK06!

### Social events @ the convention centre
