

# ALIA MOVEMENTS

Helen joined ALIA as Copyright Advisor in July of 2008. She previously held the position of Law Precinct Manager at ANU for fifteen years. We wish her the absolute best in the future.

*"Helen's invaluable support to ALIA members based on her extensive practical experience in Copyright was most helpful to the Australian Library Copyright Committee and the ALCC drew on this experience when preparing submissions on behalf of the Australian library sector"*

Margaret Allen, Past-President, ALIA Board, Chief Executive Officer and State Librarian, State Library of Western Australia

## Muhammad Arif

It is with regret that ALIA farewells Muhammad Arif (Arif). Arif is one of our longest serving members of staff, having commenced with ALIA in December 2007 in a part-time capacity as a Publishing Officer.

Arif left ALIA after 12 months to return to Pakistan to be married. On returning to Australia, he recommenced with ALIA in December 2009, again as a part-time member of staff on a 3-month contract. He must have enjoyed working with us, as in 2010 he recommenced with ALIA, this time in a full-time capacity and has been here ever since.

From 2010, Arif was our Website Manager responsible for the maintenance and development of our extensive website. In March 2012 following the resignation of the current ICT Administrator David Seabrook, Arif kindly agreed to take on the responsibility for all of ALIA's ICT needs.

Arif has undertaken this role in a very professional manner and has been responsible for several important improvements in our ICT environment. His last project is the new ALIA website, which has required a significant amount of Arif's time and expertise.

Arif left ALIA to better his career and to be exposed to new and exciting projects with Hewlett Packard in Canberra. We wish Arif all the best in his new position and thank him for his excellent work whilst at ALIA. Arif has been a delight to work with.

## Helen Roberts

It is with enormous sadness that ALIA farewells Helen Roberts from her position of Copyright Advisor.

Over her many years, Helen shared her expert knowledge and extensive experience with ALIA members, ALIA staff, and the ALIA Board with all copyright, intellectual property, and privacy matters.

Helen also served the Association and its members by representing ALIA at meetings and forums about the future of copyright and the digital economy in Australia.
