### THE ABORIGINAL RELICS ADVISORY COUNCIL

**3—**(1) There shall be established a Council, to be known as the Aboriginal Relics Advisory Council.

Aboriginal

Council.

(2) The Council—

(a) shall make recommendations to the Minister on any matter in respect of which this Act provides for its making recommendations to him;

(3) Without prejudice to the generality of the provisions of subsection (2), where the Minister refers to the Council any matter related to the administration of this Act or the Director refers to it any matter related to the exercise of his functions under this Act, the Council shall consider that matter as soon as practicable and make a report thereon to the Minister or Director with such recommendations as it may consider appropriate in the circumstances.

(4) Subject to this Act, the Minister may make arrangements to render available to the Council such accommodation and assistance as it may require.

(5) The Director shall furnish the Council with such information as it may require and is reasonably available to him in connection with the exercise of his functions under this Act.

- (b) paragraph (b) of that subsection may authorize one of the officers of the Queen Victoria Museum and Art Gallery,

(5) The chairman of the Council shall be appointed by the Governor from among the members of the Council.

(6) A person appointed as the chairman of the Council shall be so appointed for the term specified in the instrument of his appointment and, subject to this section, ceases to hold office as such at the expiration of that term.

### PART III

#### DECLARATION AND MANAGEMENT, &C., OF PROTECTED SITES

Declaration of  
protected sites.

**7—**(1) Where the Minister is satisfied that there is on or in any land a relic and that steps should be taken to protect or preserve that relic, he may, on the recommendation of the Director, by order declare an area of land within which it is situated to be a protected site.

(2) The Minister may, on the recommendation of the Director, by order revoke an order made under this section or vary it with respect to the area of land to which it relates.

(3) An order shall not be made under this section in respect of an area of land (other than an area of Crown land), unless the owner and occupier of the land consent, in writing, to the making of the order.

(4) An order made under subsection (1) shall specify the relic in respect of which it is made, and a relic so specified, and any part of such a relic and any object forming part of, contained within, or attached to, such a relic or object, is referred to in this Act as “ a protected object ”.

Management,  
&c., of  
protected sites.

**8—**(1) The Director is charged with the management and maintenance of every protected site and the protection and preservation of the protected objects on and in that site.

(2) Without prejudice to the generality of subsection (1), the Director shall cause to be carried out on a protected site such work as, in his opinion, is necessary or desirable for the purpose of—

- (a) protecting or preserving a protected object, or any other object, on or in the site and providing and maintaining means of access to any such object or to the site; and
- (b) restoring or repairing any such object.

(3) The work referred to in subsection (2) includes—

- (c) the erection and maintenance of cairns or other monuments to mark any object on or in the site; and
- (d) the provision of such facilities and conveniences for the use or benefit of persons resorting to that site as the Director deems necessary,

but nothing in that subsection authorizes the carrying out of work elsewhere than on such a site, except for the purpose of providing, improving, or maintaining means of access to the site.

(4) The Director may impose a charge for the use of the facilities and conveniences referred to in subsection (3).

(5) Notwithstanding subsection (4), where a protected site is not an area of Crown land, no charge may be imposed under that subsection on the owner or occupier of the land.

(6) If the Director is satisfied that any object on or in a protected site is likely to suffer damage or be destroyed or lost unless it is removed to a place of safety, the Director may cause that object to be removed from the site and may, subject to subsection (7), make such arrangements as he considers suitable for its safe custody or for otherwise dealing with it for the purposes of this subsection.

(7) The arrangements made by the Director with respect to human remains that are removed by him pursuant to subsection (6) shall be made—

- (a) after he has caused such scientific or other investigations of those remains to be made as, having regard to the recommendations made by the Council with respect to those investigations, he considers necessary or desirable;

(b) after he has considered the recommendations made by the Council with respect to those arrangements; and

(c) subject to the Minister's approval.

(8) The Director may cause examinations to be made of any object in a protected site and may cause explorations to be made of the site, whether by way of the carrying out of excavations or other works or otherwise.

(9) Subject to subsections (7) and (10), the powers of the Director under subsection (6) or subsection (8), so far as they relate to the carrying out of work or the removal of or dealing with objects, shall not be exercised unless the Director has previously informed the Minister.

(10) Where it is impracticable for the Director to inform the Minister before he exercises the powers to which subsection (9) refers, he shall be deemed to comply with that subsection if he notifies the Minister as soon as is reasonably practicable after he exercises those powers.

(11) A person who is authorized, in writing, by the Director may, with such tools and equipment as may be necessary, enter on any land, during the hours of daylight, for the purpose of exercising the powers conferred on the Director by this section.

(12) A person having an estate or interest in any land is entitled to compensation for any loss or injury (whether to the land or any object on the land), or for any decrease in the value of that land, arising from the exercise on that land of any of the powers conferred on the Director by this section, and that compensation shall be of such amount as may be agreed between that person and the Director.

(13) Where there is a dispute between the Director and a person as to the amount of compensation to which that person is entitled under subsection (12), the dispute shall be referred to, and heard and determined by, a magistrate.

(14) Compensation to which a person is entitled under subsection (12) may be recovered as a debt due to him from the Crown.

Protection of

(2) Except in accordance with the terms of a permit granted by the Minister on the recommendation of the Director, no person shall remove a protected object from a protected site.

(3) Where an authorized officer has reasonable grounds for believing that a protected object has been removed from a protected site contrary to subsection (2), he may seize that object.

or

(b) has knowledge of a relic,

shall, within 6 months after that commencement, inform the Director or an authorized officer of the fact.

(2) Without prejudice to the acquisition of a relic under this section by any other means, the Minister may serve notice on the owner of the relic informing him that the relic is required by the Crown and requiring him to deliver the relic to the place specified in the notice, and on the relic being so delivered it vests in and becomes the property of the Crown.

(3) Where a notice has been served on the owner of a relic (in this section referred to as “the previous owner”) under subsection (2), and he satisfies the Minister that it is not practicable for him to deliver the relic to the place specified in the notice given to him under that subsection, he shall give possession of the relic to a person authorized in writing by the Minister to take the relic.

(3) The Minister shall not exercise the power of approval conferred on him by subsection (2) until he has considered the recommendations made by the Council with respect to the exercise of that power.

(4) Where, after investigations have been made pursuant to subsection (1) of a relic that is the property of the Crown by virtue of an acquisition or acceptance, the Crown does not wish to retain the ownership of the relic, the Director shall cause the relic to be

delivered to the person from whom it was acquired or accepted or to his personal representative if he has since died, and on the relic being so delivered it vests in and becomes the property of that person or his estate.

- (f) cause an excavation to be made or any other work to be carried out on Crown land for the purpose of searching for a relic.

(3) This section does not apply to any dealing in land.

(4) Where an authorized officer has reasonable grounds for believing that an offence under—

- (a) this section has been, or is about to be, committed in relation to a relic; or
